On-site, ready for its first private owners, refurbished

The tried and true favorite of the modern Kea range is undoubtedly the Kea Breeze M660, this one a late model Mercedes Sprinter Chassis with additional gearing for efficiency and additional power for that get up and go!

Not only versatile in size (6.6meters), but in nature with its drop-down bed over the Panoramic window U-shaped lounge area at the back. Designed for those who like the comfort and convenience of pulling down the made up bed when you are ready to lay down, or stow away when you want to dine or lounge about and look out at our beautiful country's scenery during the day.

With 2 extra passenger seats and a lounge that can also become a bottom bunk double bed, it gives the option for family's and friends to travel and make happy memories together, without lugging around extra unused space and weight.

Easy to park and maneuver due to dimensions, this could be the ultimate motorhome for you.

Very robust and reliable thanks to Kea's stringent rental build requirements and a refined German engineered drivetrain and cab chassis.

Well serviced & refurbished
